

# **ACTIVITY GUIDE TRAINING**

## **Friday, March 28, 2008**

### **@JobTrain, 1200 O'Brien St.**

#### **9:00 - 10:30 Training for Providers**

Dear Youth Consortium Participants:

On March 18th Shannon Pekary of EPA PARRC (Park and Rec Resident's Committee) made a presentation at the Youth Consortium introducing the web-based activity guide and inviting all that were present to please upload their organizational info at [www.ryaa.org/epaparrc/](http://www.ryaa.org/epaparrc/)

All of the providers are invited to come to JobTrain from 9:00 - 10:30 on Friday, March 28 to receive one-on-one hands on training with the web site and give all of you an opportunity to input your organizational data.

This activity guide is crucial in getting much needed info to the EPA/Belle Haven Community. It offers providers a solution to outreach, and if used routinely by the community, will increase awareness and participation. This guide is the EPA community helping itself, and the benefits to the providers and the community will be of great value. It is a step towards improving the quality of life for all EPA residents. When people know what services and activities are available and use the resources in their own city we all benefit by building community. Please come. -
